## HOW ACCESS FOR INFANTS AND MOTHERS CALCULATES INCOME

\* When calculating your income, The AIM Program does not include depreciation, meals and entertainment, and cash draws as business expenses. AIM adds expenses for depreciation, meals and entertainment and cash draws back into your monthly income. These types of expenses are referred to as “Disallowed Expenses.” Please see the example below.

\*\* The AIM Program counts negative amounts as zero (\$0). Please see the February 2006 income as an example.
